Mount Pleasant Soccer Club database: Client requirements

Contents

1. Introduction

The Mount Pleasant Soccer Club has about 500 members, including players, coaches, team managers and committee members. They require a member registration database.

2. Members

Every member must be registered and can have more than one registration type, for example, they can be both a player and a committee member.

Member data to be stored includes:

- Name
- Address
- Other contact details
- Date of birth
- Gender
- Years of service with the club

3. Registrations

Members must be registered each year. Records must be kept of previous years' registrations. Members can belong to more than one team or may not belong to any team. Data needed includes:

- Member registration number
- Member details
- Age at 1st January (to determine player team)
- Registration year
- Registration date
- Registration type (Player, Coach, Team Manager, Committee Member)
- Team

4. Version control
